My last jobs have been in the spanish series "Memento Mori", number one in Spain in 2023, for which we are already preparing a second and a third season to be filmed this 2024. I also worked on the german series "Der König von Palma" in its two seasons, in which I had the amazing challenge of having to act in german, english, spanish and also catalan languages. My most well known character was in the daily series "Com si fos ahir" and "La Riera" in Spain. In Amazon Prime you can watch the movie "El Cerro de los Dioses" where I had the honour of playing one of the main roles alongside some of the greatest spanish actors and actresses. But because it being my all time favourite book, the job that made me happier to do was my role at "Los herederos de la Tierra", second part of "The Cathedral of the Sea" for Netflix.
